To Whom it May Concern,

I am writing to enthusiastically recommend Madeline Coronato for any professional opportunity she may be pursuing. Ms. Coronato has been an indispensable core creative, producer, and general crew member at the Crop Shoppe, a multimedia production company that provides high-quality actors' reels and collaborates with the award-winning virtual reality company Moth + Flame, which works with clients such as Accenture, all branches of the U.S. military, Wellstar, and Chanel. She has excelled in multiple roles, including sales professional, sound mixer, and hiring manager, while also taking on a wide range of production needs with exceptional skill and dedication.

In the past two years that I have worked with her, Madeline has grown from being an intern with little on-set experience to becoming the person I trust most to interact with our most important clients. Madeline's greatest professional superpower lies in her interpersonal skills. For example, she convinced an entire construction crew to hold off on their work for a day when we were filming a major project with the U.S. military. Moreover, she was responsible for selling 80% of the seats in the filmmaking class we offer. Furthermore, she is incredibly gifted at hiring the most talented, knowledgeable, and solution-oriented people for the right positions. I trust her without hesitation to manage new hires, create time-efficient work plans, and delegate to those hires in an effective and positive manner. Ms. Coronato has an infectious, optimistic attitude toward projects and people, making her an influential salesperson and a positive leader.

Ms. Coronato's strengths lie not only in her ability to connect with people but also in her willingness to throw herself into hard labor and learn new skills at an accelerated rate. She has worked on dozens of our sets as a sound recordist, consistently delivering high-quality audio that elevates the overall production value.

While working as a sound recordist, she also contributed as a grip, script supervisor, and in other essential crew positions. She played a vital role in assisting with the construction of our green screen cyclorama and in breaking down older set pieces. Beyond these roles, Ms. Coronato has been a go-to team member for various production needs, ranging from studio management to creative problem-solving. Her adaptability, resourcefulness, and willingness to step in wherever needed have made her an indispensable part of our studio.

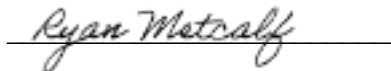

Madeline Coronato is not only a highly skilled professional but also a joy to work with. Her positive attitude, ability to rise to any challenge, collaborative spirit, and genuine love for being on set have left a lasting positive impact on our team and clients alike.

I have no doubt that Ms. Coronato will bring the same level of excellence, dedication, and creativity to any organization or project she joins. It has been an honor to work alongside her, and I wholeheartedly endorse her candidacy for any opportunity that aligns with her skills and aspirations.

If you have any questions or would like to discuss Madeline Coronato's qualifications further, please do not hesitate to contact me at (313) 515-9608 or admin@cropshoppe.com.

Sincerely,

Ryan Metcalf
